

Mint of the United States at Philadelphia, Pa.,

SUPERINTENDENT'S OFFICE,

February 20, 1888.

Hon. D. M. Fox,
Supt. U. S. Mint.
Sir:

I have carefully examined Mr. Cogan's patent glass float Water Gauges and am very favorably impressed by them. They would be very useful and an element of safety and economy if attached to each of our Boilers and I recommend the purchase of Six of them at a price not exceeding \$2.⁵⁰ each.

Very Respectfully,
John Bonner

C. Engineer

Mint of the United States at Philadelphia, Pa.,

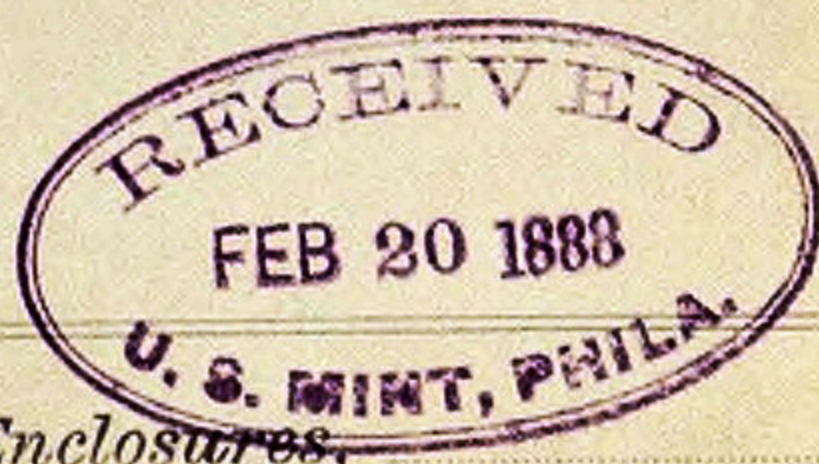

SUPERINTENDENT'S OFFICE,

Feb. 20, 1888.

John Bonner
Chief Engineer ~~Superintendent.~~

SUBJECT:

Recommends the purchase of six of Mr. Gayans patent glass water Ganges at \$2.00 each.

No. of Enclosures,

[Abstract:] Recommends the purchase of six of Mr. Coyans patent glass water gauges at \$2.50 each.

Mint of the United States at Philadelphia, Pa.,
Superintendent's Office,
February 20, 1888

Hon. D.M. Fox,
Supt. U.S. Mint,

Sir:

I have carefully examined Mr. Coyan's patent glass float water gauges and am very favorably impressed by them. They would be very useful and an element of safety and economy if attached to each of our boilers and I recommend the purchase of six of them at a price not exceeding \$2.50 each.

Very respectfully,
John Bonner
C. Engineer
